This Book as there was no particular use for it I recivd of Col Ira Haskell one of the Selectmen of Greenwich, and with the approbation, and consent of the Selectmen to devote these Blank leaves for registering such matter and incidents, as I or my Successors may consider interesting to those who may occupy our places hereafter, and to be done free from any charges by the Clerk — It is not expected that every trivial event will be registered, But many Events though trivial in itself, may bring to light important results, and shed light on many questions at issue, which without the aid and knowledge of what may be registered would remain obscure — It is therefore hoped that those that may fill the Office of Town Clerk will make it their privilege and pleasure to make an Entry of such things, their discretion may dictate

This Brief notice Satisfactorily explains a seeming discrepancy in the ancient Parish Book; the doings of this meeting never having been recorded on the regular Book in systematic order, Namely we find the last Parish meeting in the 17th of Dec. 1753 and the first Town Meeting March 10th 1755
